## ArtSpace by the Numbers

Have you ever thought or dreamed of having the perfect studio space to create your work, but dismissed the idea because you couldn't afford it?

The artist studio can have a wide-reaching impact on an artist's productivity, mindset and present opportunities for open-studios, sales and connecting with other artists.

Artists are looking for studio space now with warmer weather, graduations from college and an improving economy (?). Contact us if you know of any artist studios to rent, sublet or share. ArtSpace-Cleveland is a resource to help artists find live/work space in Cleveland. Contact (216)241-4355 or [gouldloft@sbcglobal.net](mailto:gouldloft@sbcglobal.net)
