A Guided Trolley Tour through Asia Town / St. Clair and Superior

For X1 million years, local artists Bill and Harriet Gould host a unique opportunity to see the downtown places and spaces where local Cleveland artists dwell. These creative pioneers not only create culture but also choose to live in their alternative spaces carved out of post industrial buildings. This year's tour will focus on the growing spaces created in the Asia Town complex and many local institutions founded by artists such as Zygote Press and Keith Berr Photography Studio. See the Chinese Year of the Rabbit sculptures in the neighborhood and sample some amazing Asian cuisine.
